At the date of this Information Circular it is the intention of the Corporation to hold the Meeting at the location stated above. We are continuously monitoring development of current coronavirus disease 2019 (“**COVID-19**”) outbreak. In light of the rapidly evolving public health guidelines related to COVID-19, we ask holders (“**Shareholders**”) of common shares of the Corporation (“**Common Shares**”) to consider voting their shares by proxy and **not** attend the meeting in person. Those Shareholders who do wish to attend the Meeting in person, should carefully consider and follow the instructions of the federal Public Health Agency of Canada available at: <https://www.canada.ca/en/public-health/services/diseases/coronavirus-disease-covid-19.html>. We ask that Shareholders also review and follow the instructions of any regional health authorities of the Province of British Columbia, including the Vancouver Coastal Health Authority, the Fraser Health Authority and any other health authority holding jurisdiction over the areas you must travel through to attend the Meeting. We strongly recommend you check the Corporation’s website prior to the Meeting for the most current information. **IN THE EVENT OF ANY CHANGES TO THE MEETING FORMAT DUE TO THE COVID-19 OUTBREAK, THE CORPORATION WILL NOT PREPARE OR MAIL AN AMENDED NOTICE, INFORMATION CIRCULAR OR MEETING MATERIALS.**

There is enclosed herewith a form of proxy for use at the Meeting. Each Shareholder who is entitled to attend and vote at the Meeting is urged to vote by proxy on matters to be considered.

### **APPOINTMENT AND REVOCATION OF PROXIES**

An instrument appointing a proxy shall be in writing and shall be executed by the registered Shareholder (“**Registered Shareholder**”) or his attorney authorized in writing or, if the Registered Shareholder is a company, by an officer or attorney thereof duly authorized.

Those Registered Shareholders desiring to be represented by proxy at the Meeting must deposit their forms of proxy with COMPUTERSHARE INVESTOR SERVICES INC. at its offices at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) before the time of the Meeting, or any adjournment thereof, or with the chairman of such Meeting on the day of the Meeting or any adjournment thereof, prior to the use thereof at the Meeting, or any adjournment thereof. A proxy must be executed by the Shareholder or his attorney authorized in writing, or if the Shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized. A proxy is valid only at the meeting in respect of which it is given or any adjournment of that meeting.

The persons named in the instrument of proxy (“**Instrument of Proxy**”) accompanying this Information Circular are either officers, directors or consultants of the Corporation. **A Registered Shareholder submitting an Instrument of Proxy shall have the right to appoint a person to represent the Registered Shareholder at the Meeting other than the person(s) designated in the Instrument of Proxy furnished by the Corporation. To exercise this right, the Shareholder must either insert the name of the desired representative in the blank space provided in the Instrument of Proxy and strike out the other names or submit another proper form of proxy. An Instrument of Proxy will not be valid unless it is deposited at the offices of Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) before the time of the Meeting, or any adjournment thereof, or with the chairman of such Meeting on the day of the Meeting or any adjournment thereof, prior to the use thereof at the meeting or adjourned meetings.**

A person giving a proxy has the power to revoke it. In addition to revocation in any other manner permitted by law, an Instrument of Proxy may be revoked by instrument in writing executed by the Registered Shareholder or by his attorney authorized in writing or, if the Registered Shareholder is a corporation, by an officer or attorney duly authorized, and delivered to the registered office of the Corporation at Suite 2300, Bentall 5, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which such Instrument of Proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, and upon either of such deliveries, the Instrument of Proxy shall be revoked. **If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person.**

### **NON-REGISTERED SHAREHOLDERS**

**Only Registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders are “non-registered” Shareholders because the Common Shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their Common Shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only Registered Shareholders may vote at the Meeting.** If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in such Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the

name of CDS Inc. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the Registered Shareholders. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of Common Shares must be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted.**

This Information Circular and accompanying materials are being sent to both registered and non-registered owners of Common Shares. If you are a non-registered owner of Common Shares and the Corporation or its transfer agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. The Corporation is sending proxy-related materials directly to NOBOs under NI 54-101.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions (the "**VIF**").

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the Common Shares which they beneficially own. If a Beneficial Shareholder wishes to attend the Meeting or have someone else attend on his behalf, then the Beneficial Shareholder may write the applicable name in the space provided in the VIF, which will grant the Beneficial Shareholder or his nominee the right to attend and vote at the Meeting.

**IF YOU ARE A NON-REGISTERED OWNER AND WISH TO VOTE IN PERSON AT THE MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE VIF THAT ACCOMPANIES THIS INFORMATION CIRCULAR.**

The Corporation has not adopted the notice and access procedure described in NI 54-101 and National Instrument 51-102 - *Continuous Disclosure Obligations* (“**NI 51-102**”) to distribute its proxy related materials to the Registered Shareholders and Beneficial Shareholders. In addition, the Corporation does not intend to pay for intermediaries to forward to OBOs under NI 54-101 the proxy-related materials and Form 54-101F7 - *Request for Voting Instructions Made by Intermediary*, and that in the case of an OBO, the OBO will not receive the materials unless the OBO’s intermediary assumes the cost of delivery.

### **EXERCISE OF DISCRETION BY PROXY**

The Common Shares represented by a properly executed proxy in favour of persons proposed by management of the Corporation as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy

**ON A POLL SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED BY THE SHAREHOLDER.**

**The enclosed Instrument of Proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting.** As at the date of this Information Circular, management of the Corporation knows of no amendments, variations or other matters to come before the Meeting, other than those matters referred to in the Notice.

### **VOTING SHARES AND PRINCIPAL HOLDERS THEREOF**

The Corporation is authorized to issue an unlimited number of Common Shares without par value and an unlimited number of preferred shares without par value (“**Preferred Shares**”). As at May 26, 2021 (the “**Record Date**”), the Corporation had 861,082,378 Common Shares issued and outstanding. There are no Preferred Shares issued and outstanding. The holders of Common Shares are entitled to one vote for each Common Share held. Holders of Common Shares of record at the close of business on the Record Date will be entitled to receive notice of and vote at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a Shareholder or as a representative of one or more corporate Shareholders, or who is holding a proxy on behalf of a Shareholder who is not present at the Meeting, will have one vote, and on a poll every Shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate Shareholders, will have one vote for each Common Share. **Shareholders represented by proxy holders are not entitled to vote on a show of hands.**

To the best of the knowledge of the directors and senior officers of the Corporation, no person beneficially owns, directly or indirectly, or exercises control or direction over shares carrying 10% or more of the voting rights attached to all shares of the Corporation except as noted below.

Name	No. of Common Shares <sup>(1)</sup>	Percentage
PXP Energy Corporation	674,999,986	78.39%

Note:

(1) The number of Common Shares held pursuant to the Corporation’s list of registered shareholders.

The By-laws of the Corporation provide that a quorum for any meeting of Shareholders shall be two (2) Shareholders present in person or represented by proxy or duly authorized representative not being less than two (2) in number.

## STATEMENT OF EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### Guiding Principles and Objectives

The compensation committee of the Corporation (the “**Compensation Committee**”) reviews and makes recommendations to the board of directors of the Corporation (the “**Board**”) concerning the terms of the compensation packages provided to the Corporation’s senior executive officers, including salary, bonus and awards under our stock option plan and any other compensation plans that the Corporation may adopt in the future. In 2020, the Compensation Committee was comprised of one member being Paul Wallace. Mr. Wallace is not independent by virtue of the fact that he is or has within the last three years been an executive officer of the Corporation. Members of the Compensation Committee for 2021 are to be appointed following the Meeting.

The member of the Compensation Committee has direct experience which is relevant to his responsibilities in executive compensation as he has been previously, or is currently, involved with compensation matters at other companies, both public and private, which he is a director.

The Corporation's executive compensation program consists of an annual base salary or management fee, a longer term component consisting of stock options, and a living allowance, if considered appropriate by the Compensation Committee.

The Corporation’s executive compensation policy is designed to provide competitive compensation to enable the Corporation to attract and retain high-quality and high-performance executives who will significantly contribute to the Corporation’s ability to meet its strategic business objectives. The Corporation also believes in the importance of encouraging executives to own Common Shares in the Corporation to more fully align management with the interests of Shareholders and focus management’s activities on developing and implementing strategies that create and deliver value for Shareholders.

In determining executive compensation, the Committee considers the availability of cash compensation, options, stock appreciation rights, securities purchase programs, restricted shares, restricted share units and other incentive plans, and places relative emphasis on each depending on the present circumstances of the Corporation, the person being compensated, his or her experience and performance within the Corporation and the industry in which the Corporation operates and the position that person fills in the Corporation. The Compensation Committee, in the past, has tended to place emphasis on the granting of cash compensation and options. In determining executive compensation, the Compensation Committee also considers the relative merits of both annual and long-term compensation, and considers that either or both annual or long-term compensation can be in the best interest of the Corporation depending on the present circumstances of the Corporation, the person being compensated, his or her experience and performance within the Corporation and the industry in which the Corporation operates and the position that person fills in the Corporation. In determining new option grants, the Compensation Committee may or may not take into account the amount and terms of outstanding options, stock appreciation rights, restricted shares and restricted share units, where applicable. The Compensation Committee’s decision in relation to new option grants will depend on the circumstances of the grant and the present circumstances of the Corporation, as well as the person being compensated, his or her experience and performance within the Corporation and the industry in which the Corporation operates and the position that person fills in the Corporation. The Compensation Committee considers that corporate performance is directly tied to executive compensation when the Corporation grants options as part of executive compensation.

### Base Salary

The Compensation Committee sets and approves the base salary to be paid to the Chairman of the Corporation (the “**Chairman**”), Chief Executive Officer of the Corporation (“**CEO**”) and Chief Financial Officer of the Corporation (the “**CFO**”) and to other senior executive officers of the Corporation.

All base salaries for other employees, if any, of the Corporation are determined by senior management.

### Stock Options

The Corporation has a formalized stock option plan for the granting of incentive stock options to the officers, employees, consultants and directors of the Corporation. There are currently no stock options outstanding. Any grants would be made to officers, employees, consultants or directors on the basis of the number of stock options then held, position, overall individual performance, anticipated contribution to the Corporation's future success and the individual's ability to influence corporate and business performance.

### Chief Executive Officer Compensation

The compensation of the CEO would ideally consist of an annual base salary determined in the manner described in the above discussion of compensation for all executive officers and positions the CEO within a range based on the CEO's experience and performance within the Corporation and the industry in which the Corporation operates. With respect to the Corporation's most recent completed financial years, and in light of the Corporation's financial condition, the CEO was compensated with a modest salary.

### Other Matters

The Corporation has not placed a restriction on the purchase by its NEOs (as hereinafter defined) or directors of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly by the NEOs or directors. The NEOs have advised that they do not hold any Common Shares.

The Board and the Compensation Committee have not formally considered the implications of the risks associated with the Corporation's compensation policies and practices.

The Plan is administered by the directors of the Corporation. The Plan provides that stock options will be issued to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation. The Plan provides that the number of Common Shares issuable under the Plan, together with all of the Corporation’s other previously established or proposed share compensation arrangements, may not exceed 10% of the total number of issued and outstanding Common Shares. All stock options expire on a date not later than five years after the date of grant of such option. **SCHEDULE “B”  
CORPORATE GOVERNANCE DISCLOSURE**

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires issuers to disclose the corporate governance practices that they have adopted. National Policy 58-201 - *Corporate Governance Guidelines* (“**NP 58-201**”) provides guidance on corporate governance practices. Set forth below is a description of the corporate governance practices of FEC Resources Inc. (the “**Corporation**”) currently and going forward.

**Board of Directors** – The board of the directors of the Corporation (the “**Board**”) is currently composed of three (3) directors. The following director of the Corporation is “independent” for the purposes of NI 58-101: Claro Ramirez. The following director is not “independent” for the purposes of NI 58-101: Mr. Paul Wallace as he served as an executive officer of the Corporation within the last two (2) years, and Mr. Daniel Carlos as he serves as an executive officer of the Corporation.

Mr. Daniel Carlos, a non-independent director, presently serves as the Corporation’s President and Chief Executive Officer and generally chairs the meetings of the Board and actively seeks out the views of all directors on all Board matters. The directors exercise their responsibilities for and are provided with leadership through their position on the Board and ability to meet independently of management whenever it is deemed necessary.

**Directorships** – The following directors of the Corporation as at May 26, 2021 are presently directors of other issuers that are reporting issuers (or the equivalent):

<u>Name of Director</u>	<u>Name of Reporting Issuers</u>	<u>Market Traded On</u>
Daniel Carlos	PXP Energy Corporation	Philippine Stock Exchange

**Orientation and Continuing Education** – The Corporation does not have a formal orientation for new members of the Board, and this is considered to be appropriate, given the Corporation’s size and current limited operations. However when new directors are appointed, they receive orientation on the Corporation's business, technology and industry, as well as on the responsibilities of directors generally. Board meetings may also include presentations by the Corporation's management employees to give the directors additional insight into the Corporation's business.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management’s assistance. Board members have full access to the Corporation’s records.

**Ethical Business Conduct** – The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Corporation’s operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

**Nomination of Directors** – The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole; however, if there is a change in the number of directors required by the Corporation, this policy will be reviewed. The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions. The Board considers the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number of directors required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

**Compensation** – Duration of time spent by a director or officer in managing or working with the Corporation determines compensation for the directors and the Chief Executive Officer. Decisions relating to compensation are made by the Compensation Committee. The Compensation Committee reviews the adequacy and form of compensation and compares it to other companies of similar size and stage of development. Directors' compensation is in the form of directors' fees and stock options. The quantity and quality of the Board compensation is reviewed on an annual basis.

**Other Board Committees** – In addition to the Audit Committee, the Corporation has a Compensation Committee and a Corporate Governance Committee.

*Audit Committee.* The Audit Committee consists of three (3) directors: Daniel Carlos, Paul Wallace and Claro Ramirez. New members of the audit committee will be appointed following the Meeting.

*Compensation Committee.* The Compensation Committee currently consists of Paul Wallace. The Compensation Committee has responsibility for determining the appropriate levels of compensation for management and for determining related compensatory matters such as the granting of incentive stock options. To determine an objective process for compensation, the Compensation Committee reviews the adequacy, form of compensation and compares it to other companies of similar size and stage of development. The Compensation Committee meets at least annually. New members of the Compensation Committee will be appointed following the Meeting.

*Corporate Governance Committee.* The Corporate Governance Committee consists of Claro Ramirez and Paul Wallace. The Corporate Governance Committee's responsibility is to:

- Review and recommend to the Board policies related to the Board;
- Assess qualifications for and composition of the Board;
- Develop and recommend to the Board corporate governance principles;
- Oversee and evaluate corporate governance at the Corporation.

In addition, the Corporate Governance Committee has responsibility for reviewing the governance policies and practices of the Corporation and their conformity to the Guidelines. This Committee also has been given responsibility for assessment of the performance of the Board and its members, nominees for elections as director, assessment of the orientation and education of new Board members, review of directors' compensation and insurance, and review of the mandate of the Board, its committees and management. The Corporate Governance Committee also will determine if it is appropriate for individual directors to engage outside advisers in any situation. Through the Corporate Governance Committee, the Board will continue to assess its policies and practices and the effectiveness of the management and the Board members in carrying out their respective duties. New members of the Corporate Governance Committee will be appointed following the Meeting.

**Assessments** – The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider

implementing one in the future should circumstances warrant. The Board monitors the adequacy of information given to directors, communications between the Board and management, and the strategic direction and processes of the Board and the committees. Based on the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an *ad hoc* basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board meeting with one or more members of the Board prior to the proposed director's nomination.

### **Diversity disclosure for boards of directors and senior management**

Effective January 1, 2020, all "distributing corporations" (as this term is defined under the Canada Business Corporations Regulations) governed by the *Canada Business Corporations Act* are required to disclose information on the diversity of their board of directors and senior management to shareholders on the representation of, at minimum, the following four groups ("designated groups"): women, Indigenous peoples (First Nations, Inuit and Métis), persons with disabilities and members of visible minorities. The following disclosure responds to these requirements.

<b>REQUIREMENT</b>	<b>DISCLOSURE</b>
<b>Director Term Limits and Other Mechanisms of Board Renewal</b>	The Corporation has not adopted term limits for directors on the Board, nor has it formally adopted other mechanisms regarding Board renewal given the size of the Board and the stage of the Corporation's development, but the Board conducts evaluations of Board performance through the Corporate Governance Committee. See " <i>Other Board Committees - Corporate Governance Committee</i> " above.
<b>Policies Regarding Representation on the Board</b>	The Board has not adopted a written policy relating to the identification and nomination of members of designated groups as directors given the size of the Board and the stage of the Corporation's development. The Board believes that its existing identification and nomination processes are sufficiently broad, with no limitations on diversity. Two members of the Board are members of visible minorities.
<b>Consideration of Representation in the Director Identification and Selection Process and Executive Officer Appointments</b>	The Board is committed to diversity and a merit based system within a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination, but given the size of the Board and the stage of the Corporation's development, the Board has not considered the level of representation of designated groups on the Board in identifying and nominating candidates for election or re-election to the Board or as a determining criterion in the selection of executive officers. Notwithstanding the foregoing, two members of the Board and both executive officers are members of visible minorities.
<b>Targets Regarding Representation on the Board and in Executive Officer Positions</b>	The Corporation has not adopted a target for members of designated groups on the Board or to hold executive officer positions as it believes that decisions should be merit-based and that diversity can be achieved without reference to a specific target. The Corporation has achieved 66% membership in visible minorities on the Board and 100% membership in visible minorities in executive officer positions without a target.
<b>Diversity on the Board and in Executive Officer Positions</b>	There are currently two directors on the Board, representing 66% of the Board, who are members of visible minorities. The Corporation's two executive officers are both members of visible minorities.
